CORPORATION**

1.1 NAME.

The name of the corporation is The Kresge Foundation.

1.2 PLACES OF BUSINESS.

The corporation shall have its principal place of business in Troy, Michigan, and may have such other places of business as the Board of Trustees may determine from time to time.

1.3 PURPOSES.

The purposes of the corporation as set forth in its Amended and Restated Articles of Incorporation are as follows:

To effectually administer the Trust created by Sebastian S. Kresge for the promotion of human progress by eleemosynary, philanthropic and charitable means for the benefit of religious, charitable, benevolent or educational institutions or public benefaction of whatsoever name or nature, in accordance with the terms and conditions of the gift or grant made by, and described in the letter or trust instrument, dated as of May 1st, 1924, addressed by the said Sebastian S. Kresge to the incorporating trustees hereunder, and as the terms and conditions of said gift and of the Trust so created, may be altered, amended, enlarged or restricted from time to time (except as to these purposes) by any instrument or instruments in writing which may be executed by the Board of Trustees of this Corporation and filed as provided by these Articles and by the Act under which this Corporation is formed.

1.4 NONPROFIT OPERATION.

The corporation shall be operated exclusively for charitable, religious, scientific, literary or educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or comparable provisions of subsequent legislation (the "Code"), as a Michigan nonprofit trustee corporation. No trustee of the corporation shall have any title to or interest in the corporate property or earnings in his or her individual or private capacity and no part of the net earnings of the corporation shall inure to the benefit of any trustee, officer or any private shareholder or individual. No substantial part of the activities of the corporation shall consist of carrying on propaganda or otherwise attempting to influence legislation, nor shall the corporation participate in or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office.

II BOARD OF TRUSTEES

2.1 BOARD OF TRUSTEES.

The business and affairs of the corporation shall be managed by the Board of Trustees which is the governing body of the corporation. The corporation is organized as a Michigan nonprofit trustee corporation without members or shareholders. Except as otherwise provided by law, all matters which are subject to membership vote or other action in the case of a Michigan nonprofit membership corporation, shall be approved by action of the Board of Trustees in the same manner as if the corporation were organized on a directorship basis. The Board of Trustees shall meet as often as necessary to conduct the business of the corporation, but at least four (4) times per year.

2.2 NUMBER, SELECTION AND TERMS OF TRUSTEES.

A. Not less than five (5) nor more than fourteen (14) persons shall constitute the Board of Trustees of the corporation, with the exact number of trustees to be determined solely by a resolution adopted by the affirmative vote of a majority of the trustees then in office.

B. Any person who has resigned or retired from the Board of Trustees and who continues to have an active interest in the business and affairs of the corporation may be elected a trustee emeritus at any meeting of the Board of Trustees. A trustee emeritus shall have no vote on any matter coming before the Board of Trustees, shall not be counted in determining the presence of a quorum and shall not be held responsible or liable for any action taken at any meeting after resignation or retirement.

C. Trustees shall serve four (4) year terms (except as may be provided by vote of the Board of Trustees for members of the Kresge family), however, no trustee shall serve for more than a maximum of sixteen (16) years or beyond the age of 72. The Board of Trustees may, by resolution, extend these age and term limits for any one or more trustees to such maximum number of years or age as the Board of Trustees determines to be appropriate under the circumstances.

D. A trustee shall hold office until the annual meeting of the Board of Trustees for the year in which his or her term expires, or until the trustee's earlier resignation or removal. A trustee may resign by written notice to the corporation. A trustee's resignation is effective upon its receipt by the corporation or a subsequent time set forth in the notice of resignation.

E. Each trustee of the corporation shall retire upon the adjournment of the meeting of the Board of Trustees immediately following the date the trustee reaches the age of 72 years (or such older age determined by the Board of Trustees if an extension of the age limit has been granted).

2.3 REMOVAL.

Any trustee may be removed from office with or without cause at any meeting of the Board of Trustees by the affirmative vote of a majority of the trustees then in office. This provision was approved by all of the trustees in accordance with Section 488 of the Michigan Nonprofit Corporation Act, and may be amended in accordance with Section 6.1 below.

2.4 VACANCIES.

Vacancies occurring in the Board of Trustees by reason of death, resignation, retirement, removal or other inability to serve shall be filled by the affirmative vote of a majority of the remaining trustees although less than a quorum of the Board of Trustees. A trustee elected to fill a vacancy shall serve for the unexpired portion of the term.

2.5 ANNUAL MEETING.

The annual meeting of the Board of Trustees shall be held in conjunction with the regular meeting of the Board of Trustees in June. At the annual meeting, the Board of Trustees shall elect trustees, elect officers and consider such other business as may properly be brought before the meeting.

2.6 REGULAR AND SPECIAL MEETINGS.

Regular meetings of the Board of Trustees may be held at such times and places, inside or outside Michigan, as the trustees may from time to time determine at a prior meeting or as shall be directed or approved by the vote or written consent of all the trustees. Special meetings of the Board of Trustees may be called by the Chair of the Board or the President, and shall be called by the Chair of the Board or the President upon the written request of any two or more trustees.

2.7 NOTICE OF MEETINGS OF THE BOARD OF TRUSTEES.

Except when greater notice is required by law, written notice of the time and place of all meetings of the Board of Trustees shall be given to each trustee at least seven (7) days before the date of the meeting, either personally or by sending such notice to each trustee electronically or by mail at the address designated by the trustee for such purposes, or if none is designated, at the trustee's last known address. However, a special meeting may be held on shorter notice if the President or Chair of the Board determines such shorter notice to be in the corporation's best interests. Notice of any special meeting shall state the purpose or purposes of the meeting and no business may be conducted at a special meeting other than that specified in the notice. Notice of any meeting of the Board of Trustees may be waived in writing before or after the meeting. Attendance at a meeting without objecting to lack of notice at the beginning of the meeting or upon arrival constitutes waiver of notice of the meeting.

2.8 ACTION WITHOUT A MEETING.

Any action required or permitted at any meeting of the Board of Trustees or a committee appointed by the Board of Trustees may be taken without a meeting, without prior notice and without a vote, if all of the trustees or committee members entitled to vote thereon consent in writing. Said written consents shall be filed with the minutes of the proceedings and shall have the same effect as a vote for all purposes.

2.9 QUORUM AND VOTING REQUIREMENTS.

A majority of the trustees then in office and a majority of any committee appointed by the Board of Trustees constitutes a quorum for the transaction of business. The vote of a majority of the trustees or committee members present at any meeting at which there is a quorum shall be the acts of

the Board of Trustees or the committee, except as a larger vote may be required by the laws of the State of Michigan, these bylaws or the articles of the corporation. If less than a quorum is present at any such meeting, a majority of the trustees or committee members present may adjourn the meeting without further notice to any absent trustee or committee member.

2.10 PARTICIPATION IN MEETINGS BY REMOTE COMMUNICATIONS EQUIPMENT.

A member of the Board of Trustees or of a committee appointed by the Board of Trustees may participate in a meeting by conference telephone or other remote communications equipment by means of which all persons participating in the meeting can communicate with one another. Participation in a meeting in this manner constitutes presence in person at the meeting.

The Board of Trustees shall have charge, control and management of the business, property, personnel, affairs and funds of the corporation and shall have the power and authority to do and perform all acts and functions permitted for an organization described in Section 501(c)(3) of the Code not inconsistent with these bylaws, the articles of the corporation or the laws of the State of Michigan. In addition to and not in limitation of all powers, express or implied, now or hereafter conferred upon boards of trustees of nonprofit corporations, and in addition to the powers mentioned in and implied from Section 1.3, the Board of Trustees shall have the power to borrow or raise money for corporate purposes, to issue bonds, notes or debentures, to secure such obligations by mortgage or other lien upon any and all of the property of the corporation, whether at the time owned or thereafter acquired, and to guarantee the debt of any affiliated or subsidiary corporation or other entity, whenever the same shall be in the best interests of the corporation and in furtherance of its purposes.

The policies and procedures shall include, but shall not be limited to, a procedure for reporting interests of such trustees, officers, employees and contract personnel annually and every time there is a decision under consideration in which such a person may have an interest.

2.13 COMPENSATION.

Trustees shall receive such reasonable compensation for their services as trustees as shall be fixed from time to time by the Board of Trustees. The Board of Trustees shall also reimburse trustees for reasonable expenses, including travel costs, actually and necessarily incurred in the performance of his or her duties on behalf of the corporation in accordance with guidelines established by the Board of Trustees from time to time.

2.14 EXECUTION OF CONVEYANCES, MORTGAGES AND CONTRACTS.

The Board of Trustees may in any instance designate one or more officers, agents or employees to execute any contract, conveyance, mortgage or other instrument on behalf of the

corporation and such authority may be general or confined to specific transactions. The Board of Trustees may also ratify any execution. When the execution of any instrument has been authorized without specifying the executing officers or agents, the Chair of the Board, the President or any Vice President and the Secretary or Treasurer or one of their assistants may execute such instrument on behalf of the corporation.

3.2 ELECTION AND TERM OF OFFICE.

The Chair of the Board shall be elected for a term of four (4) years (or two (2) years, as applicable) by the Board of Trustees at its annual meeting. After serving an initial four (4) year term as Chair of the Board, an individual may be re-elected to serve as Chair of the Board for up to two (2) additional two (2) year terms, for a maximum length of service of eight (8) years. All other officers shall be elected for a term of one (1) year (or until their successors have been elected) by the Board of Trustees at its annual meeting, and there shall be no limit on the number of terms served. No person may execute, acknowledge or verify an instrument in more than one capacity if the instrument is required by law or by the articles of the corporation or these bylaws to be executed, acknowledged or verified by two (2) or more officers.

3.3 REMOVAL.

Any officer may be removed with or without cause by the vote of a majority of the trustees then in office at any meeting of the Board of Trustees.

3.4 VACANCIES.

In the event of the death, resignation, retirement, removal or other inability to serve of any officer, the Board of Trustees shall elect a successor who shall serve until the expiration of the normal term of such officer or until his or her successor shall be elected.

3.5 CHAIR OF THE BOARD.

The Board of Trustees shall elect from among its members a Chair of the Board who shall preside at all meetings of the Board of Trustees at which he or she is present. In any absence or disability of the Chair, the trustees shall select one of their members to serve as Chair Pro Tem. The Chair shall be a voting member of each committee of the Board, except that, when the Nominating and Governance Committee considers and nominates a Chair of the Board, the Chair shall not have a vote on such matter. The Chair shall see that all orders and resolutions of the Board of Trustees are

faithfully executed, and shall perform such other duties as the Board of Trustees may determine from time to time.

3.6 PRESIDENT.

The Board of Trustees shall elect a President who shall be the chief executive officer of the corporation in which capacity he or she shall exercise general supervision for the day-to-day operations and affairs of the corporation. The President shall be the principal spokesperson for the corporation and shall bear primary responsibility for the external affairs and public relations of the corporation. The President shall be a voting member of the Board of Trustees and a voting member of each committee thereof (other than the Audit Committee and the Compensation Committee), except that, when the Nominating and Governance Committee considers and nominates a President, the President shall not have a vote on such matter. The President shall be a non-voting member of the Audit Committee and the Compensation Committee, and shall not be counted in determining the presence of a quorum of any such committee. In the absence or disability of the President, the Board of Trustees shall designate a Vice President to perform the duties and exercise the powers of the President.

3.7 VICE PRESIDENTS.

The corporation may have such number of Vice Presidents as the Board of Trustees may determine from time to time, and each Vice President shall have such duties as the Board of Trustees shall determine.

3.8 SECRETARY.

3.9 TREASURER.

All funds received by the Treasurer shall immediately be deposited in a depository designated by the Board of Trustees.

IV INDEMNIFICATION

4.1 RIGHT TO INDEMNIFICATION.

Each individual who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal (hereinafter a "proceeding"), by reason of the fact that

such individual (i) is or was a trustee, officer, employee or committee member of the corporation, or (ii) is or was serving (at such time as such individual is or was a trustee, officer, employee or committee member of the corporation) at the request of the corporation as a director, officer, partner, trustee, employee, non-director volunteer or agent of another foreign or domestic nonprofit corporation, business corporation, partnership, joint venture, trust or other enterprise, whether for profit or not for profit, including service with respect to employee benefit plans (hereinafter an "indemnatee"), shall be indemnified and held harmless by the corporation to the fullest extent authorized by the Michigan Nonprofit Corporation Act and other applicable laws of the State of Michigan, as the same exist or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the corporation to provide broader indemnification rights than such law permitted the corporation to provide prior to such amendment), against all expenses (including actual and reasonable attorneys' fees), judgments, penalties, fines and amounts paid in settlement incurred by such indemnatee in connection therewith and such indemnification shall continue as to an indemnatee who has ceased to be a trustee, officer, employee or committee member and shall inure to the benefit of such indemnatee's heirs, executors and administrators. The right to indemnification conferred under this Section 4.1 shall be a contract right and shall apply to services of a trustee or officer as an employee or agent of the corporation as well as in the person's capacity as a trustee or officer of the corporation. Notwithstanding the preceding, however, and except as provided in Section 4.3 of these bylaws with respect to proceedings to enforce rights to indemnification, the corporation shall indemnify any such indemnatee seeking indemnification in connection with a proceeding (or part thereof) initiated by such indemnatee only if such proceeding (or part thereof) was authorized by the Board of Trustees of the corporation.

4.2 ADVANCEMENT OF EXPENSES.

The right to indemnification conferred under Section 4.1 shall include the right to be paid by the corporation the expenses incurred in defending any such proceeding in advance of its final disposition (hereinafter "advances"); provided, however, that the payment of such expenses incurred by an indemnatee in advance of the final disposition of a proceeding shall be made only upon delivery to the corporation of an undertaking, by or on behalf of such indemnatee, to repay all advances if it shall ultimately be determined that such indemnatee is not entitled to be indemnified under this Article IV or otherwise. The undertaking shall be an unlimited general obligation of the indemnatee on whose behalf advances are made, but need not be secured.

4.3 REMEDIES.

If a claim under Sections 4.1 or 4.2 is not paid in full by the corporation within thirty (30) days after a written claim has been received by the corporation, the indemnatee may at any time thereafter bring suit against the corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit or in a suit brought by the corporation to recover advances, the indemnatee also shall be entitled to be paid the expense of prosecuting or defending such claim. In any action brought by the indemnatee to enforce a right under Section 4.1 (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking has been tendered to the corporation), it shall be a defense that, and in any action brought by the corporation to recover advances the corporation shall be entitled to recover such advances if, the indemnatee has not met the applicable standard of conduct set forth in the Michigan Nonprofit Corporation Act or other applicable laws of the State of Michigan. Neither the failure of the corporation (including its Board of Trustees or independent legal counsel) to have made a determination prior to the commencement of such action that indemnification of the

indemnatee is proper in the circumstances because the indemnatee has met the applicable standard of conduct set forth in the Michigan Nonprofit Corporation Act or other applicable laws of the State of Michigan, nor an actual determination by the corporation (including its Board of Trustees or independent legal counsel) that the indemnatee has not met such applicable standard of conduct, shall be a defense to an action brought by the indemnatee or create a presumption that the indemnatee has not met the applicable standard of conduct. In any action brought by the indemnatee to enforce a right hereunder or by the corporation to recover payments by the corporation of advances, the burden of proof shall be on the corporation.

4.4 RIGHTS NOT EXCLUSIVE.

The right to indemnification and the payment of expenses incurred in defending a proceeding in advance of its final disposition conferred in this Article IV shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the articles of the corporation, agreement or vote of disinterested trustees or otherwise.

4.5 AMENDMENT OR REPEAL.

No amendment or repeal of this Article IV shall apply to or have any effect on any person who is or was a trustee, officer, employee or committee member of the corporation for or with respect to any acts or omissions of the trustee, officer, employee or committee member occurring before the amendment or repeal.

4.6 INDEMNIFICATION OF AGENTS AND VOLUNTEERS.

The corporation may, by action of its Board of Trustees, provide indemnification to non-director volunteers and agents of the corporation with the same scope and effect as described in this Article IV.

4.7 INSURANCE.

The corporation may purchase and maintain insurance, at its expense, to protect itself and any person who is or was a trustee, officer, employee, non-director volunteer, or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee, non-director volunteer, or agent of another foreign or domestic nonprofit corporation, business corporation, partnership, joint venture, trust or other enterprise against any liability asserted against the person or incurred by the person in any such capacity or arising out of the person's status as such, whether or not the corporation would have the power to indemnify such person against such expense, liability or loss under the Michigan Nonprofit Corporation Act or other applicable laws of the State of Michigan. Notwithstanding the preceding, the corporation shall not pay premiums for such insurance attributable to insurance covering matters for which the corporation would not be authorized to indemnify the person to the extent such premiums, together with any compensation paid to such person for services (as a trustee, officer, employee or otherwise), exceed reasonable compensation for services actually rendered to the corporation.

V COMMITTEES

5.1 COMMITTEES.

The Board of Trustees may establish an Executive Committee in accordance with Section 5.2, and shall establish a Nominating and Governance Committee in accordance with Section 5.3, a Compensation Committee in accordance with Section 5.4, an Audit Committee in accordance with Section 5.5, and an Investment Committee in accordance with Section 5.6. The Board of Trustees may also establish and define the responsibilities of such additional standing or special committees from time to time as it shall deem appropriate to conduct the activities of the corporation. Persons who are not members of the Board of Trustees shall be eligible to serve on committees other than the Executive Committee, the Nominating and Governance Committee and the Compensation Committee; provided, however, that a committee that is not composed entirely of trustees shall not exercise the power or authority of the Board of Trustees in the management of the corporation's business and affairs, but may perform its functions under the direction of the Board. All committee chairs shall be nominated by the Chair of the Board and elected by the Board of Trustees for a term of four (4) years (or two (2) years, as applicable). After serving an initial four (4) year term as chair of a committee, an individual may be re-elected to serve as chair of such committee for up to two (2) additional two (2) year terms, for a maximum length of service of eight (8) years. All other committee members not designated in these bylaws shall be nominated by the Chair of the Board and elected by the Board of Trustees for a one (1) year term (or until their successors are duly elected), and there shall be no limit on the number of terms served. Any committee member may be removed at any time by vote of a majority of the trustees then in office. The Board of Trustees may designate one or more qualified individuals as alternative members of any committee who may replace an absent or disqualified member at any meeting of the committee.

5.2 EXECUTIVE COMMITTEE.

The Board of Trustees may elect an Executive Committee consisting of the Chair of the Board, the President and up to four (4) additional trustees. The Executive Committee shall exercise such powers and authority of the Board of Trustees (within the limits prescribed by law) as may be determined from time to time by resolution of the Board of Trustees. If the Executive Committee performs functions with respect to the review or approval of compensation provided by the corporation to officers, trustees or senior management personnel, it shall be subject to the conflict of interest rules and shall follow the approval procedures in Section 5.4.C.

5.3 NOMINATING AND GOVERNANCE COMMITTEE.

The Board of Trustees shall elect a Nominating and Governance Committee from among its members, in conformity with 3.5 and 3.6 herein. The Nominating and Governance Committee shall nominate officers of the corporation and recommend to the Board qualified candidates for election as trustees of the corporation. In addition, all matters pertaining to the governance of the corporation shall be referred by the Board of Trustees to the Nominating and Governance Committee.

5.4 COMPENSATION COMMITTEE.

A. The Board of Trustees shall elect a Compensation Committee consisting of at least three (3) trustees.

B. The Compensation Committee shall be responsible for presenting recommendations to the Board of Trustees with respect to the salaries and other compensation arrangements for the officers of the corporation of the rank of Vice President and above and remuneration for trustees of the corporation and shall perform such other duties as determined from time to time by the Board of Trustees.

C. All members of the Compensation Committee shall be subject to conflict of interest policies adopted from time to time by the Board of Trustees and shall be disqualified from voting or participating in discussions with respect to his or her own compensation (other than compensation provided solely for services as a trustee). Prior to making determinations with respect to compensation, the Compensation Committee shall obtain appropriate data with respect to the comparability of the proposed compensation with amounts ordinarily paid by similar organizations for similar services. The committee shall rely on that data in making its recommendations and shall document the basis for its actions concurrently with those recommendations or decisions.

5.5 AUDIT COMMITTEE.

A. The Board of Trustees shall elect an Audit Committee consisting of at least three (3) trustees and such other qualified individuals as the Board of Trustees may determine. All voting members of the Audit Committee shall be individuals who (i) are not full or part time employees of the corporation; (ii) are not receiving compensation from the corporation for services outside the scope of their duties as trustees or committee members (other than through the purchase of insurance by the corporation as described in Section 4.7 or through the reimbursement of expenses actually and necessarily incurred in the performance of their duties on behalf of the corporation); and (iii) do not have a substantial interest in any entity that does more than immaterial amounts of business with the corporation. In addition, a majority of the members of the Audit Committee shall be individuals who are not then also serving on the Investment Committee. The chair of the Audit Committee shall be someone other than the persons then serving as the chairs of the Executive Committee and the Investment Committee.

B. The Audit Committee shall (i) recommend to the Board of Trustees the retention and termination of, and all compensation furnished to, the corporation's independent auditors; (ii) review and discuss the corporation's financial statements (and issues encountered in the preparation of financial statements and related materials) with the independent auditors and staff; (iii) review on a continuing basis the adequacy of internal controls; (iv) review and make recommendations to the Board of Trustees with respect to any proposals for the performance of non-audit services by the audit firm; and (v) perform such other duties as determined from time to time by the Board of Trustees.

The Board of Trustees shall elect an Investment Committee consisting of at least three (3) trustees and such other qualified individuals as the Board of Trustees may determine. The Investment Committee shall perform such duties in the management of corporation investments as the Board of Trustees shall designate from time to time, which may include (i) establishing and modifying policies and procedures for the investment and reinvestment of corporation funds; (ii) selecting investments or authorizing others to select investments; (iii) determining the allocation of assets among various categories of investments; (iv) recommending to the Board of Trustees the selection and compensation of outside investment advisors; (v) evaluating the performance of investment advisors; and (vi)

recommending to the Board of Trustees the approval of agreements and arrangements for the purchase and sale of investments and the ownership and custody of investment assets.

6.1 AMENDMENTS.

These bylaws may be amended by the affirmative vote of a majority of the trustees then in office at any meeting of the Board of Trustees, provided, however, that a copy or summary of the proposed amendment is contained in the notice of such meeting. No amendment that is inconsistent with the articles of the corporation shall be effective prior to amendment of the articles of the corporation.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
The Kresge Foundation Troy, Michigan

We have audited the accompanying financial statements of The Kresge Foundation (the "Foundation"), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2018 and 2017, and the results of its activities and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2018, the Foundation adopted new accounting guidance ASU No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

THE KRESGE FOUNDATION
(A Michigan Trustee Corporation)

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. ORGANIZATION AND NATURE OF OPERATIONS

The Kresge Foundation (the "Foundation") is a tax-exempt private foundation that works to expand opportunities in America's cities through grantmaking and investing in arts and culture, education, environment, health, human services, and community development. The Foundation was established in June 1924 as a Michigan trustee corporation. Its office is in Troy, Michigan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Presentation—The accompanying financial statements are prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America (GAAP).

Program-Related Investments (PRIs)—In accordance with Section 4944 of the Internal Revenue Code (the "Code"), the Foundation is permitted to make investments that further some aspect of its charitable mission. In 2008, the Foundation began making PRIs. These investments are anticipated to have lower-than-market returns on a risk-adjusted basis. Like grants, these investments count toward the Foundation's payout requirement in the year of distribution. Return of PRI principal affects the annual payout requirement in a similar manner as a grant refund.

Property and Equipment—Property and equipment represents primarily land and buildings. Property and equipment is depreciated on the straight-line basis over the estimated useful lives of the assets, which range from 3 to 45 years. The associated depreciation was \$1,649,245 and \$1,705,338 as of December 31, 2018 and 2017, respectively. The Foundation annually reviews the property and equipment records for impairment of the carrying value and records any adjustments necessary to reflect impacts in the carrying value.

Property and equipment as of December 31, 2018 and 2017, consists of the following:

	2018	2017
Building and improvements	\$ 24,298,520	\$ 24,154,705
Furniture and fixtures	2,004,799	1,995,019
Computer and office equipment	<u>2,624,353</u>	<u>3,048,491</u>
	28,927,672	29,198,215
Less accumulated depreciation and amortization	<u>(11,860,423)</u>	<u>(10,752,186)</u>
Subtotal depreciable assets—net	<u>17,067,249</u>	<u>18,446,029</u>
Land	500,000	500,000
Art	149,786	140,466
Construction in progress	<u>149,416</u>	<u>14,674</u>
Subtotal nondepreciable assets	<u>799,202</u>	<u>655,140</u>
Total property and equipment—net	<u>\$ 17,866,451</u>	<u>\$ 19,101,169</u>

Grant Expenditures—Grant expenditures are recognized in the period the grant is approved, provided the grant is not subject to significant future conditions. Conditional grants are recognized as grant expense and as a grant payable in the period in which the grantee substantially meets the terms of the conditions. The Foundation had approximately \$77,800,000 and \$85,100,000 in conditional grants as of December 31, 2018 and 2017, respectively. At December 31, 2018, conditional grants included \$75,000,000 to the Foundation for Detroit's Future (FDF), payable in equal installments over a 15 year-period, subject to any terms and conditions of the Foundation FDF Agreement.

Line of Credit—The Foundation has an unsecured line of credit totaling \$100,000,000 as of December 31, 2018 and 2017. The line of credit has been recorded at carrying value, which approximates fair value. The credit line has a three-month LIBOR effective rate of 3.26% and 2.14% and contains a commitment fee on the unused available balance of .17% as of December 31, 2018 and 2017. As of December 31, 2018 and 2017, the outstanding borrowings were \$46,465,824 and \$25,776,663, respectively. The aggregate outstanding principal, interest, and related fees are due in full on the commitment termination date August 31, 2019. Interest and related fees payable at year-end are included in accounts payable and other liabilities.

Net Assets—The presentation of net assets represents net assets without donor restrictions.

Tax Status—The Foundation is an organization exempt from federal income taxation under Section 501(c)(3) and is a private foundation as described in Section 509(a) of the Code. The Foundation is subject to federal excise taxes. It is also subject to federal and state income tax on its unrelated business taxable income. Management believes it is no longer subject to federal tax examinations for years prior to December 31, 2015. The Foundation evaluates uncertain tax positions for more-likely than-not sustainability. The

Foundation has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

On December 22, 2017, the U.S. Government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act"). The Tax Act makes broad and complex changes to the U.S. tax code, including, but not limited to, (1) reducing the U.S. federal corporate tax rate from 35% to 21%; (2) eliminating the corporate alternative minimum tax (AMT) and changing how existing AMT credits can be realized; and (3) changing rules related to uses and limitation of net operating loss carryforwards created in tax years beginning after December 31, 2017. The impact of the Tax Act on the Foundation is not considered significant.

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Risks—Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values in the near term could materially affect the amounts reported in the accompanying financial statements.

Adoption of Accounting Pronouncements—In August 2016, the FASB issued ASU No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. This guidance simplifies and improves how not-for-profit entities classify net assets as well as the information presented in the financial statements and notes about liquidity, financial performance, and cash flows. The guidance has been adopted as of January 1, 2018 with retrospective application for all comparative periods with certain disclosure exceptions. The implementation of this guidance has resulted in additional disclosures related to the Foundation's functional expenses and liquidity. In addition, certain direct investment expenses were reclassified out of administrative expenses into net investment (loss) income in the statements of activities.

In August 2016, the FASB issued ASU No. 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. This guidance has been adopted as of January 1, 2018. The adoption of this guidance had no impact on how the Foundation presents and classifies certain cash receipts and cash payments in the statements of cash flows.

In June 2018, the FASB issued ASU No. 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The new guidance clarifies the definitions of reciprocal and non-reciprocal transactions and modifies the criteria used to evaluate conditional vs. unconditional contributions. In addition, the new guidance defines that a conditional contribution exists when the agreement contains both a right of return of the contributed asset and a barrier that must be overcome. The guidance is effective for the Foundation for years beginning after December 15, 2019. The Foundation early adopted this guidance on January 1, 2019. The adoption of this guidance had no impact on how the Foundation accounts for its grantmaking activities.

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurements (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurements*. The guidance is effective for the Foundation for years beginning after December 15, 2019. The Foundation early adopted this guidance on December 31, 2018. The adoption of this guidance has eliminated the need to present information regarding transfers between level 1 and level 2 investments in the fair value hierarchy. In addition, disclosures for transfers into and out of level 3 investments and purchases of level 3 investments have been presented in lieu of a level 3 rollforward. Lastly, the changes in unrealized gains and losses for level 3 investments has been eliminated from the disclosure for the year ended December 31, 2018 but remains included for the year ended December 31, 2017.

3. INVESTMENTS AND FAIR VALUE

Temporary Investments—The Foundation considers temporary investments to be unsettled trade purchases and sales and cash and cash equivalents held as part of the long-term investment strategy of the Foundation. Cash equivalents are considered to be investments with an original maturity of three months or less. The Foundation records investments as of the trade date. Unsettled trade purchases and sales are reported in the investment category on the statements of financial position. The Foundation had unsettled trade purchases of approximately \$0 and \$1,107,000 as of December 31, 2018 and 2017, respectively. The Foundation had unsettled trade sales of approximately \$89,044,000 and \$21,215,000 as of December 31, 2018 and 2017, respectively.

Fixed-Income, U.S. Equity, and Foreign Equity Securities—Fixed-income, U.S. equity, and foreign equity securities include investments in securities as well as commingled funds. The securities have readily determinable fair market values based on quoted prices in active markets. The commingled funds calculate a net asset value per share in accordance with near term guidance.

Hedge Funds, Natural Resources, Private Equity, and Real Estate—Hedge funds' fair values are based on information provided by the administrators of each underlying fund. Natural resources, private equity, and real estate limited partnerships are accounted for on the equity method or pricing models that use both observable and unobservable inputs. Gains and losses on investments include equity earnings from limited partnerships.

Securities Lending—The Foundation participates in a securities lending program with its custodian bank. Under the terms of its securities lending agreement, the Foundation requires collateral of a value at least equal to 102% of the fair value of loaned investments. Securities lending collateral is not subject to a master netting arrangement. Loaned investments consist of equity securities and U.S. treasury bills. Securities loaned are fully collateralized. All cash collateral received is invested in approved money market and short-term funds. The Foundation maintains effective control of the loaned investments during the term of the agreement. As of December 31, 2018 and 2017, the Foundation had loaned securities with a total market value of approximately \$5,093,000 and \$3,940,000, respectively, and received related cash collateral of approximately \$3,074,000 and \$2,906,000, respectively. The carrying value of securities lending collateral approximates fair value as recorded collateral is composed of cash and cash equivalents that are received. Income from the program was approximately \$21,000 and \$17,000 for the years ended December 31, 2018 and 2017, respectively.

The changes in security lending collateral of approximately \$168,000 and \$178,000 as of December 31, 2018 and 2017, respectively, are considered noncash transactions.

Realized and Unrealized Gains/Losses—Net realized gains and change in net unrealized market gains are determined by comparing cost to proceeds and fair market value, respectively. Cost is determined on a first-in, first-out basis. The gains or losses on the Foundation's investment portfolio for the years ended December 31, 2018 and 2017, consist of the following:

	2018	2017
Net realized gains	\$ 236,840,345	\$ 261,734,575
Net unrealized (losses) gains	<u>(306,706,439)</u>	<u>218,131,894</u>
Net realized and unrealized (losses) gains on investments	<u>\$ (69,866,094)</u>	<u>\$ 479,866,469</u>

Fair Value Hierarchy—The Foundation is subject to the provisions of FASB issued ASC 820, *Fair Value Measurements and Disclosures*, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The carrying amounts reported in the statements of financial position for cash, accrued interest and dividends, accounts payable and other liabilities, borrowings under revolving line of credit, and deferred federal excise taxes approximate fair value because of their short-term nature.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, ASC 820 establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumption about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

ASC 820 classifies the inputs used to measure fair value into the following hierarchy:

Level 1—Quoted market prices in active markets for identical assets or liabilities.

Level 2—Observable market-based inputs and unobservable inputs that are corroborated by market data.

Level 3—Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. Level 3 includes values determined using pricing models, discounted cash flow methodologies, or similar techniques reflecting the Foundation's accounting policies.

Securities that provide a net asset value (NAV) or that are recorded under the equity method of accounting are considered to be recorded at Management's best estimate of fair value. These securities are included in the fair value table on the Investments measured at net asset value line.

In certain instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Foundation's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

The financial assets and liabilities recorded at fair value on a recurring basis within the fair value hierarchy as of December 31, 2018, are as follows:

 Collateral under securities lending agreement	 <u>\$ 2,905,846</u>	 <u>\$ 2,905,846</u>	 <u>\$ -</u>	 <u>\$ -</u>

Level 1 classifications consist of U.S. Treasuries and commercial paper with quoted market prices in active markets. Unsettled trade receivable and payable valuations are reflective of cash settlements subsequent to year-end. Fixed-income, U.S. equity securities, foreign equity securities, and certain exchange traded derivatives have readily determinable fair market values based on quoted prices in active markets.

Level 2 classifications consist of agency and Federal Home Loan Bank securities and collateralized loan obligation fixed-income securities that are valued based on observable market-based inputs and unobservable inputs that are corroborated by market data. The fair value of the derivative investments is based on market prices from the financial institution that is the counterparty to the derivative.

Level 3 classifications consist of securities that do not have readily determinable market values or are not publicly traded. The valuation process for Level 3 investments involves the use of fair value as reported by third-party administrators, fund investment managers, and general partners and is completed on at least a quarterly basis. All valuations are reviewed by management. Fair value estimates for fixed income securities, equity securities, and real estate investments are based on other market data for the same or comparable instruments and transactions. Natural resource investments are based on inputs provided by the general partner, audited financial information, and K-1 capital account balances to determine overall reasonableness of the recorded value. Audited information is only available annually, based on the partnerships' year-end. Because of the inherent uncertainty of valuations, values may differ from the values that would have been used had a ready market existed.

Activity related to the Level 3 investment activity as of December 31, 2018 and 2017, is as follows:

	2018	2017
Additions and purchases	\$ 25,699,350	\$ 70,648,420
Transfers into Level 3	-	-
Transfers out of Level 3	(84,693,701)	(5,273,353)

The Foundation's policy related to fair value measurement hierarchy classification, including any level transfers, occurs as of the end of the reporting period. Transfers out of Level 3 in 2018 and 2017 were the result of changes in the valuation of securities that do not require disclosure in the fair value hierarchy. Realized and unrealized gains or losses related to Level 3 investment activity are included in net investment income on the statements of activities. Unrealized losses attributable to Level 3 investments held as of December 31, 2017 totaled approximately \$(3,406,000).

As of December 31, 2018 and 2017, the Foundation had commitments to contribute approximately \$806,383,000 and \$807,716,000, respectively, in additional capital under the terms of various investment agreements over the next 7-10 years.

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Foundation classifies such investments as Level 2 when there is the ability to redeem the investment in the near term; however, if the Foundation does not have the ability to redeem its investment in the near term, the Foundation classifies such investments as Level 3. The Foundation defines near term to be within 90 days of the measurement date.

The Foundation's investment in funds that are valued using a NAV (or its equivalent) or that are recorded under the equity method of accounting have a redemption notice period of daily to biannually and primarily consist of the following:

	2018 Redemption Period				Total
	90 Days or Fewer	91 to 180 Days	181 to 365 Days	Greater than 365 Days	
Fixed-income	\$ -	\$ 15,232,425	\$ 29,897,644	\$ 64,682,724	\$ 109,812,793

4. DERIVATIVES

The Foundation accounts for derivative financial instruments in accordance with ASC 815, *Derivatives and Hedging*. The Foundation enters into derivative arrangements to manage a variety of market risks and to adjust asset class exposure. The Foundation recognizes all derivatives as either assets or liabilities measured at fair value. The Foundation has netted liability positions against the investment balance. For accounting purposes, the derivatives do not have hedge designation, and all gains and losses are reported in the net realized and unrealized gains on investments on the statements of activities.

In connection with its derivative activities, the Foundation enters into master netting agreements and collateral support agreements with its counterparties. These agreements provide the Foundation with the right, in the event of default by the counterparty, to net a counterparty's rights and obligations under the agreement and to liquidate and set off collateral against any net amount owed by the counterparty. The master netting agreement is taken into account in the Foundation's risk management practices and application of counterparty credit limits.

To determine the amount of exposure to each counterparty, the Foundation nets the exposure on transactions by individual counterparty against the value of any collateral posted by the counterparty (a) when both parties owe determinable amounts, (b) where a legal right of setoff exists, and (c) when the right to setoff is enforceable by law. The thresholds for collateral postings vary by counterparty.

The aggregate fair value of derivative instruments in asset positions on December 31, 2018 and 2017, is approximately \$44,391,000 and \$15,469,000, respectively. The exposure to counterparty credit risk on December 31, 2018, is reduced by \$16,706,000 of collateral held and approximately \$14,643,000 of liabilities included in netting arrangements with those counterparties. The exposure to counterparty credit risk on December 31, 2017, is reduced by \$10,000,000 of collateral held and approximately \$1,634,000 of liabilities included in netting arrangements with those counterparties. The Foundation has never failed to access collateral when required. The Foundation has posted collateral of \$1,400,000 and \$0 to counterparties as of December 31, 2018 and 2017, respectively.

The fair values of derivative instruments in the statements of financial position and information about the offsetting of derivative instruments and related collateral amounts as of December 31, 2018 and 2017, are as follows:

2018—Assets				
	Balance Sheet Location	Gross Amounts of Recognized Assets	Gross Amounts Offset in the Statements of Financial Position	Net Amounts of Assets Presented in the Statements of Financial Position

The effect of derivative instruments on the statements of activities as of December 31, 2018 and 2017, is as follows:

Total derivative instruments		<u>\$ 32,950,471</u>	<u>\$ 15,131,590</u>

The Foundation is not credit rated, and therefore, no credit rating contingent provisions are required by counterparties.

Counterparty credit risk is the risk that counterparties to derivative contracts will fail to perform according to the terms of the agreements. Nationally recognized statistical rating organizations, such as Standard & Poor's (S&P) and Moody's, assign credit ratings to security issuers that indicate a measure of potential credit risk to investors. The Foundation manages credit risk by reviewing the credit standing of each counterparty and limits exposure to credit risk by requiring that the minimum acceptable credit rating of the counterparty be BBB- and Baa3 for S&P and Moody's, respectively.

5. PROGRAM-RELATED INVESTMENTS

PRIs in the statements of financial position represent various below-market-rate loans, equity investments and linked deposits with outstanding principal totaling \$78,237,586 and \$66,898,016 as of December 31, 2018 and 2017, respectively. Interest rates range from 1% to 4% at December 31, 2018. Loans are individually monitored to determine net realizable value based on an evaluation of recoverability. Net realizable value approximates fair value. There was \$6,316,497 and \$4,915,604 received as return of principal for the years ended December 31, 2018 and 2017, respectively. The Foundation has PRI commitments of approximately \$21,707,966 and \$35,223,539 as of December 31, 2018 and 2017, respectively.

PRI's are scheduled for collection as of December 31, 2018, as follows:

The Foundation establishes a loan loss allowance in accordance with the risk rating assigned to the PRI. The risk rating is based on a combination of financial and organizational factors and is evaluated annually unless more frequent monitoring is required.

The Foundation has entered into 20 third party loan guarantee agreements totaling \$55,988,000 and \$30,929,000, of which loss exposure related to the guarantees is \$19,655,000 and \$19,392,000 as of December 31, 2018 and 2017, respectively. 6. GRANTS PAYABLE

Grants payable represent the present value of grants using a 1.87% and 0.85% discount rate, as of December 31, 2018 and 2017, respectively. The discount rate is a Level 2 input and is based on the present value of discounted cash flows using the three-month U.S. Treasury rate. The Foundation made grant payments of approximately \$163,300,000 and \$170,600,000 in 2018 and 2017, respectively.

7. EXCISE TAX REQUIREMENTS

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Code, but is subject to a 2% (1% if certain criteria are met) federal excise tax on net investment income, including realized gains, as defined in the Code. The current excise tax is provided at 1% for both 2018 and 2017. The deferred excise tax provision is calculated assuming a 2% rate and is based on projected gains that assume complete liquidation of all assets. The current and deferred portions of the excise tax provision for 2018 were approximately \$1,949,000 and \$(6,134,000), respectively. The current and deferred portions of the excise tax provision for 2017 were approximately \$2,552,000 and \$4,363,000, respectively. Cash payments for federal excise taxes were \$4,900,000 and \$3,500,000 for the years ended December 31, 2018 and 2017, respectively. Federal excise taxes payable were \$0 as of December 31, 2018 and 2017. 8. OTHER POSTEMPLOYMENT BENEFITS

The Foundation is subject to the provisions of FASB-issued ASC 715, *Compensation—Retirement Benefits*, which requires recognition of the overfunded or underfunded status of the other postemployment benefit plan as an asset or liability in the statements of financial position and recognition of changes in the funded status in the year in which the changes occur. The funded status of the plan is measured as the difference between the fair value of plan assets and the benefit obligation.

The Foundation provides certain health care and life insurance benefits for retired employees. The Foundation's employees may become eligible for these postemployment employee benefits. Actuarial assumptions and participant data changes are reported in other postemployment adjustments in the statement of activities.

The other postemployment benefit plan-funded status and amounts recognized in the Foundation's statements of financial position and statements of activities as of and for the years ended December 31, 2018 and 2017, are as follows:

	Postemployment Employee Benefits	
	2018	2017
Fair value of plan assets	\$ -	\$ -
Benefit obligation	<u>(7,606,091)</u>	<u>(8,777,196)</u>

Benefit obligation—December 31	<u>\$ (7,606,091)</u>	<u>\$ (8,777,196)</u>

The actuarial gain of approximately \$800,000 for December 31, 2018 can be attributed to a \$1,100,000 gain due to a change in the assumptions used to calculate life insurance benefits, a \$700,000 gain due to the change in the discount rate from 3.56% at December 31, 2017 to 4.15% at December 31, 2018, a gain of \$20,000 due to mortality assumptions, and a gain of \$80,000 due to changes in the benefit accrual offset by losses of \$900,000 due to amortization of prior service costs and \$200,000 of life insurance administrative costs.

The actuarial loss of approximately \$1,000,000 for December 31, 2017 can be attributed to a \$700,000 loss due to the change in the discount rate from 4.10% at December 31, 2016 to 3.56% at December 31, 2017, a \$900,000 loss in amortization of prior service costs offset by gains of \$200,000 due to updated mortality assumptions, \$300,000 due to updated census data and \$100,000 due to changes in the benefit accrual.

The plan amendment resulted in the stabilization of the Foundation's other postretirement benefit obligation through the implementation of health reimbursement accounts which allows participants greater flexibility with multiple plan options.

Assumptions and Dates Used for Liability	Postemployment Employee Benefits	
	2018	2017
Discount rate	4.15 %	3.56 %
Compensation increase rate	4.00	4.00

9. ANALYSIS OF EXPENSES

The Foundation's grant and administrative expenses have been allocated between program and supporting activities. Grantmaking activities of the Foundation involving reviewing proposals, awarding, monitoring and evaluating grants as well as the actual payment of grants have been allocated to the program function. All other administrative expenses related to managing the operations of the foundation have been allocated to the supporting activities function. Certain categories of expenses that are incurred for the Foundation as a whole and are attributable to one or more functions are allocated based on either management estimates of time and effort or building occupancy square footage.

The Foundation's functional expenses, displayed by natural expense classification, for the year ended December 31, 2018 and 2017 are as follows:
